## FAMILY HOLIDAY

*To put things in perspective when my hubby (now ex, but very amicable), Jai (my son) and Kobie (my daughter) went to Broome 4 years ago, I had already been having sex with both Jai and Kobie but...they didn't know about each other. We were there for 12 nights but for two nights Wayne my husband was away on a chartered deep-sea fishing expedition. So, the first night was pretty uneventful.*

The second night things kind of went crazy but to be frank – incredible. That particular evening, I was leaning over the sink washing the last of the dishes. I heard someone come in through the door and see its Jai my son. He looked like he had just gotten out of the shower it was so freaking hot over there and we were always in the pool or shower cooling off.

*His cock was standing to attention: Jai what the hell, Kobie could comedown any second”. He stepped over behind me, reaches around with both hands and begins to caress my tits. I could feel his hard cock nestled between my ass cheeks. My son begins to push his cock hard against me while kissing and sucking the side of my neck.*

*From pervious experiences he now knows what to do to get me to the point I succumb. I start to moan slightly as he continues to move his cock up and down between my ass cheeks while playing with my breasts, “Jai stop it please babe, Kobies still up”.*

## FAMILY HOLIDAY

I am finished washing the dishes so I dry my hands with a towel and turn around. My son takes a step forward, reached behind me with both hands and grabs my naked ass cheeks. His cock pressed against my stomach, "Mum one kiss and I'll hit bed:" Ok, just one kiss and I'll masturbate later I thought.

We kiss passionately our tongues playing in each other's mouth, I automatically reach out for his cock and stroke it back and forth, after a few minutes he stops kissing me and leans over to suck my nipples. I keep a tight grip on his cock and don't let go. "Jai you've had your kiss, go".

He immediately drops to his knees and buries his face in my smooth naked pussy.

He runs his tongue feverishly up and down. I'm getting horny as hell now and I'm feeling out of control. After a few minutes I can feel an orgasm building up in my and it rips through me and I release my grip from the back of his head, Jesus Christ that felt good he gives me the best orgasms. He pulls me to one of the apartment kitchens chairs. He sits down pushes me on to it and I'm straddling him. He grabs my ass cheeks and pulls me down onto the head of his big cock and his hips thrust up inside me. "Stop Jai baby, Kobie could come in and see us, I'm scared she will".

I plant my feet firmly on the floor and try to get up but my sons hands grasp my ass cheeks harder and he pulls me harder on his cock.

Fuck me. Just as we are at it Kobie walks in and says "hey um, looks like you two are having some fun here". She's got her bikini on even though it's evening she clearly was about to go outside for a dip in the pool.

## FAMILY HOLIDAY

*She looks cute in her tiny little bikini (it was white). She comes up to the chair, leans in and gives me a kiss, slipping her tongue in, Cheeky minx. Kobie begins to take her tiny kini off and she's standing there starkers She got much smaller breasts than me, size 8 c cup with pert nipples where mine are big and thick, She leaves the rooms, grabs her phone and says "mum I'm going to grab some pics of you n Jai", Jai gets me to lie on my back. He leans forward puts both hands on the table and begins to fuck the shit out of me, In the dark recesses of my mind I wondered what the hell we were doing and what Wayne would say but in the end if I am truthful I wanted to have them both then and there. I wanted it and I love that they wanted me desperately too, it's just so beautiful, private, personal thing because we all love each other so much. so what if we fuck each other and suck and lick?*

*Kobie is enthralled. She's laughing, mum get down. I got Jai to put me down and Kobie demands I get on my knees, my daughter cones over putting her smooth shaven pussy in front of my face, She holds the phone and says "mum I want photos of you on your knees licking my pussy". I want them for home when I want to masturbate. Eat me mum, please." Well that tight little pussy and Jai didn't care he was wanting me too "go for its mum, just lick her, we won't tell dad". "Jesus kids promise me we never ever ever tell dad, he won't be impressed at all."*

## FAMILY HOLIDAY

*My daughter just grabbed my head and forced my mouth on her pussy. I automatically push my tongue in as far as it will go and I look up at the and the phone camera. I continue to lick and suck her lips as I hear the phone going click click click. After a few minutes Kobie can hardly hold the phone. Suddenly she sets the phone on the ground and grabs my head with both hands and violently moves my face up and down her pussy. All the while Jai has gotten himself another erection and is pulling his cock. Kobie had such a powerful orgasm that her bladder opened. Oops!*

*“Let’s move to the lounge it’s bloody uncomfortable here” I laughed. Kobie lay down on the couch and Jai and I started to caress her breasts “baby, mummy’s gotten so horny all over again, aren’t we Jai” “Oh yeah sis I wanna know what it’s like to be inside you” he says. I’ve wanted to fuck you for the past four or five years.*

## FAMILY HOLIDAY

*I can't write or explain how horny this is. To watch your two children, your own son and daughter naked with a wet pussy and a hard cock, sucking and caressing, we were in some kind of heaven that is indescribable to you. I felt so loved. I love them both so much and they love me to the moon and back. I could see Jai desperately wanted his sister's.*

*I gently spread her legs apart and held her pussy flaps open and watched him glide in. Kobie was writhing in ecstasy 'Kobie your brother fucks you and I'm going to get you to lick mummy's clit, can you do that for mummy?' "Ohhh, yes mum, put it on my mouth she moaned so I spread my legs over her mouth and Jai fucked her whilst Jai and I tongue kissed. That was the perfect love triangle. Mother daughter, son, son fucking sister whilst kissing mum and daughter eating mummy out. We all climaxed over the couch.*

## FAMILY HOLIDAY

*We decided to have a swim and cool off. I hit bed that evening. But I heard sounds of groans from the next bedroom. It was a small holiday apartment and Jais' room was next to ours, and I know they had private sex without me that night. We have never spoken about it since and never told Wayne. He'd be pretty upset. I think Jai and Kobie are perfectly suited sexually and I know my son and daughter think they have the best mum.*

*They tell me often. Kobie dominates me now., When she's had a really bad day or she's extremely sexual she'll demand to eat me out and then she makes me lick her till she cums. But sometimes she likes to suck my tits for up to an hour first, she suckles on them hard.*

*Jai and I fuck when we can and to be honest the orgasms don't really get any less intense, they are extraordinarily hot. Jai and I actually managed to take some reasonably good photos in Geelong's second last lockdown, when he and his mate dropped over. ...*

*After the mother and sons' convention in Sydney which was really interesting as well as fun you'd be surprised probably at how often family sex occurs. It is a lot more prevalent than we are led to believe...*
